Virtues of Eucalypti

The San Francisco Call recently published the following letter from one of its readers, telling of the virtues of the eucalypti:

"DEAR SIR:—In a recent issue I read with interest a paragraph with reference to the planting of eucalypti, known in Australia as the 'gum tree.' As a native of that continent I should like to point out that the timber is recognized all over Australia as one of the finest building timbers known. The species known as 'iron bark' is especially valuable for joists, girders, flooring or weatherboards, posts and rails, railway sleepers, or when cut into blocks 10 by 4½ inches by 3 in. [illegible] used for road paving. Some few years ago the blocks [illegible] in George street, Sydney, were taken up after being in use for twenty-two years, and the average wear was found to be only half an inch.

Railway sleepers laid on the suburban lines in the same city are still in use after more than thirty years wear and exposure Of late years the various species are being extensively used in the furniture and carriage building trades, as most of them polish splendidly. I should not advise bee farmers to feed their bees on the flowers, as the pungent flavor is communicated to the honey and would undoubtedly spoil its sale. This is the objection made in Great Britain and on the continent of Europe to Australian honey.

All varieties of eucalypti will thrive on poor soil and little rainfall, the iron bark growing to perfection in a sandy and rocky region. In planting, the sapplings should be sown comparatively close together as the trees would be less liable to branch out, badly formed saplings being taken out later.

Australia has for years recognized the valuable asset she possesses in these trees, and the state's nurseries propagate and distribute immense [illegible] antities every year to replace the depleted forests."

Has Better Process

Representative Needham had a talk recently with Dr. Wiley, chief chemist of the agricultural department, regarding decision 76, relating to the sulphuring of fruits.

"Are we to have more sulphur in our fruits?" asked Needham.

"Not if I can help it," replied Wiley. "You don't need it. You ought not to have any sulphur. We will show you pretty soon how to dry fruits without sulphur. We are with you. Be patient and don't kick and your industry will be bigger than ever."

Dr. Wiley showed Needham samples of apples dried by steam heat. He said he was at work on a process that would enable California to advertise to the world that no sulphur is used in drying its fruits. The fruit is placed in a room with steam coils and given a steam bath, but is not cooked, and oxidization is prevented.

Dr. Wiley says his process is nearing perfection. He declares that the California fruit drying system is all wrong, because it promotes decomposition and the breeding of insect life, thus making the use of sulphur necessary. His process, he says, prevents decomposition and destroys animal life. Further tests will be made before the process is made public.

Uncomfortable Gamblers

The gamblers of Healdsburg and Petaluma are quite uneasy these days owing to the fact that there seems to be a determination on the part of the officials in those cities to put a stop to all unlawful games of chance. Three men of the former city, one of whom was the city marshal, have been arrested and fined for playing poker for money. They each paid a fine of $100 except the marshal who enriched the treasury to the tune of $150.

It depends upon the pill you take. DeWitt's Little Early Risers are the best pills known for constipation and sick headache. Sold by L. S. Simmons.

Postal Savings Bank

The postmaster-general will again call the attention of Congress to his recommendation for the establishment of postal savings banks. He does this for two reasons: first, the convenience of the banks for public use, and second, their reliability. Having gone into the subject with much care, he finds that the people in general, will have more confidence in a postal bank system, than in National banks. He maintains that many foreign-born citizens will not entrust their money to private corporations, or to National banks. In foreign countries they were taught to have faith in the government and [illegible] bring their ideas with them. The postmaster-general recommends the payment of interest on deposits at the rate of two or two and one-half per cent, expecting to re-deposit the money in National banks at an advanced rate of interest. The government then would simply be an endorser, though the depositor would deal with the government exclusively. The certificate of deposit would be paid by the postmaster, and when it became due would be paid by the postmaster. It is stated that a large number of foreigners at the present time buy postal money orders and hold them for a year without interest, simply in order to have a safe place for their money. It is argued that postal savings banks would in no respect interfere with banks as now organized. It is also argued that postal savings banks would encourage all classes of people to save their money and place it on deposit where it would discharge a public service. These suggestions on the part of the postmaster-general are worthy of thoughtful consideration. Many European countries have been successfully carrying on the postal savings bank-schemes for a number of years. Former postmasters-general have recommended these [illegible] but did not succeed in securing [illegible]ntion. Now that [illegible] considering bank[illegible] the postmaster-general's recommendation may fare better than in former years.—Cultivator.

It is very important and in fact it is absolutely necessary to health that we give relief to the stomach promptly at the first signs of trouble—which are belching of gas, nausea, sour stomache, headache, irritability and nervousness. These are warnings that the stomach has been mistreated; it is doing too much work and it is demanding help from you. Take something once in a while; especially after meals; something like KODOL For Dispepsia and Indigestion. It will enable your stomach to do its work properly. Sold by L. S. Simmons.

New Ad.

Cesare Minelli, who has been following his trade of mason and cement worker for the past ten years, has now embarked in business for himself. He is now prepared to take contracts in stone, concrete and cement work of all kinds. Mr. Minelli's prices are right and he guarantees all his work. Read his new ad in this paper.

If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by L. S. Simmons.

Compost anything and everything, including your barn manures, your autumn leaves, all your old refuse stuff, and plow under your legumes. The man who burns up his annual crop of leaves and waste stuff and then is compelled to spend his good money in buying fertilizer is not wise.

Every body loves our baby, rosy, sweet and warm
With kissy places on her neck and dimples on her arms,
Once she was so thin and cross used to cry with pain—
Mother gave her CASCASWEET, now she's well again. Sold by L. S. Simmons.

NOT SOON BUT NOW

Buy a lot in the Loustalet's subdivision to City of Sonoma, within a block of the plaza, on main business street. These lots are most convenient business and residence lots in Sonoma.

As a sure and safe investment there's nothing equal to gilt edge real estate—in a growing city.

As a profitable investment nothing equals real estate in Loustalet's sub-division, for these lots are gilt edge and Sonoma is a growing city.

Make a list of the rich men of the State and you'll find the bulk of their fortunes were made in real property—they bought when property was low and sold when it was high.

They were far-sighted—they were careful to buy in locations where trade would naturally go and thus force advance in prices—they bought where public improvements were about to be made, or where the demand for high-class residence property caused a rise in values.

The time to buy is now—to day—while prices are low—at the price made by the original seller.

Don't wait to buy from those who'll buy today—make that profit yourself.

Cash or installment--no interest--no taxes. Investigate now before the lots are all sold. Call or address, THE EXPOSITOR, Sonoma, Calif.

A Jolly Party

Miss Dorothy Dobbel very happily entertained a few of her young lady friends last Saturday afternoon in honor of her guest, Miss Margaret Lorentzsen, of San Francisco. Games were played and delicious refreshments were served, the time passing all too quickly for the children who wished their genial hostess and the guest of honor good bye at 5 o'clock.

ASKS US TO PRINT IT

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly. Our druggists here say they will either supply these ingredients or make the mixture ready to take, if any of our readers so prefer.

Public Nuisances.

In every community there are public nuisances, but the most harmful and the hardest to get rid of are those people who spend all of their spare time living rigorously up to the following rules:

Stir up strife, enmity and bitter feeling among citizens and neighbors.

Suspect all city officials and li.i suspiciously of g ift.

Fight every movement for public improvement and attribute a selfish motive to all public spirited citizens.

Do all your trading away from your home town.

Run down your own town to every stranger that comes along.

Never stop knocking, kicking and growling. Never have a good word to say for anybody or anything.

Ask double price for your property of those who desire to buy.

Throw cold water on every new enterprise started in your section.

Always predict hard times.

Discredit the motive for every action of the city trustees and school directors.

Bury your money and call all bankers robbers.

If a stranger comes here to buy property, tell him that he is a fool and that the country is no good.

[illegible] or woman is talking of [illegible]g in business in your town, assure them that they are crazy and will go broke inside of three months.

By living up to the above rules you can do a vast deal of harm and become a first class public nuisance and be dishonored and disrespected by every decent citizen in the community.

Then if you have any desire to make some slight amends for the great injury you have done your fellow citizens, the only thing we can think of for you to do is to go off (far off) and die.

California Safe Deposit Failure

The conditions leading to the disgraceful failure of the California Safe Deposit and Trust Co., so far shown, prove that the officials in charge were thoroughly and intentionally dishonest and should certainly be severely dealt with for their deliberately planned robberies.

Taking the disclosures so far made to be true, they are far worse than thugs and ordinary robbers, for their stealings were wholesale, looting estates, they stole from widows and orphans, their all. A thug or burglar takes chances with his own life, but their attitude was far different. Give them the limit.

And again. It is generally believed to be the duty of the Bank Commissioners to examine all banks and report as to their solvency. If the Commissioners were too stupid or ignorant to know that the California Safe Deposit and Trust Co., was rotten in its business methods, they should be ousted for incompetency. If they knew of the conditions of affairs in that unsafe and mistrust company and not report it, they should go to the pen along with Brown, Bartnett, Treadwell and the rest of the conspirators.

It might not be a bad thing to pass a law holding the Board of Bank Commissioners criminally liable for failure to report promptly when b.nks are working on unsound business principles.

Write it 1908 now.

O. E. S. INSTALL

Congregational Exercises

The annual Christmas exercises of the Congregational Sunday School were held in the church last Monday evening, having been postponed from last week on account of the death of two of its members. A very pleasing and appropriate program was rendered. Rev. Day read selections from Ben Hur, describing the scenes surrounding the birth of Christ in Bethelem. These selections were interspersed with musical numbers. Each one present was given a box of fine candy. Rev. Day and family were also kindly remembered by a box containing presents.

DEATH OF A PIONEER

Mrs. Julia D. Pressley, widow of the late Superior Judge John G. Pressley, died in Santa Rosa last Tuesday night about midnight. She suffered a stroke of paralysis about a week ago and never rallied. She was 74 years of age, a native of South Carolina and has resided in Sonoma county since January 1, 1873. She came to California in 1869. The following children survive her: Dr. J. B. Pressley, Sanger; Mrs W. W. Phelps, Fresno; C. B. Pressley, San Francisco; and Messrs, D. C, L. A., and W. B. Pressley of Santa Rosa. The funeral was held Wednesday afternoon from the First Baptist Church of which she was a devoted member

Lightning Destroys Tree

The residents of Embarcadero were considerably alarmed during Monday afternoon's storm when the lighting struck a large cypress tree on the Marcucci place reducing it to stove wood in very short order.

Cutting wood by electricity in the latest in Sonoma Valley.

Two young men working nearby, narrowly escaped the stroke. As one of them put it, "I had the pleasure shortly after of hauling away the first load of wood cut by electric power in the valley."

Mr. Cummings Promoted

Upon the resignation of Fred S. Forse, W. J. Cummings, the agent of the Northwestern Pacific R'y at Petaluma, has received the appointment of agent at Santa Rosa, his old home town, and has already entered upon the discharge of his duties. Mr. Cummings has been with the company many years and has proven very satisfactory in his work, hence his preferment.

His many friends in this valley and elsewhere extend congratulations.

Pioneer Divine Dies

Rev. William H. Atkinson, retired Congregational minister, died Saturday at his home near Soquel. He was 73 years of age and leaves a wife, one son, who is a Congregational pastor at Campbell, and a daughter who is a teacher in the Soquel school.

Pupils Promoted

The County Board of Education has finished examining the papers from the pupils of the 7th and 8th grades in the county schools. The following pupils from this valley were successfuk—

El Verano—Jeanette M. Hansen, Edgar Gerhard Hansen, Carlton Sutherland Weaver, George Keith Weaver.

Los Gullicus—Marie Gallard, Burton C. Cochrane.

Sonoma—Reuben MacDonald Woodworth, Gertrude Breitenbach.

San Luis—Elsa Augusta Hauto.

The Vital Point

To consider when buying a heater is the draft. Exhaustive tests prove that the down-draft as it is developed in the celebrated

is the only form that insures perfect combustion at a minimum of fuel expense. Furnishes twice the heat from half the amount of fuel used, because all gas generated is burned. In other heaters it escapes into the chimney.

BUSYBODIES VS. TRUTH.

Here Are The Facts—Judge For Yourself.

Busybodies who see in success only falsity, who, without making an effort to inform themselves, blatantly cry offense against honesty and truth—seem to forget that a slur against Dr. Pierce's well-known non-alcoholic family remedies is a slur against the intelligence of thousands of clear-thinking American women who know they have been helped and cured by Dr. Pierce's Favorite Prescription. It is not a "patent medicine" in any sense—it is simply the favorite remedy which Dr. Pierce used in an extended practice for the treatment of the diseases peculiar to women.

Truth and Influence. A name for honesty and square dealing is better than great riches. Fraud is a bubble that soon bursts. Dr. R. V. Pierce has always been known to speak the truth—his famous medicines are founded on the rock of public approval and have thousands of truthful testimonials as to their ability to cure diseases for which they are recommended.

True Speaking. No man ever lost a prospective customer through telling the truth. In the long run Dr. Pierce believes the truth will prevail and he is therefore not afraid to make public his formula.

Valuable Trade Secrets. The ingredients of Doctor Pierce's Favorite Prescription are given to the public. He vindicates the excellence and harmless character of his "Prescription" by letting ailing women know just what they are taking when they use this reliable tonic and nervine for the diseases and illnesses peculiarly feminine. These ingredients are combined in just the right proportion to make an efficient remedy, without the use of a particle of alcohol, and they are as follows: Golden Seal root, Black Cohosh root, Unicorn root, Blue Cohosh root, Lady's Slipper root, with chemically pure glycerine of proper strength for extracting and preserving the active medicinal principles residing in the above native roots.

No Alcohol Used. Dr. Pierce never believed it necessary or advisable to use alcohol in the preparation of either his "Favorite Prescription" for weak women, or his "Golden Medical Discovery," the well-known alterative tonic, which is so largely used as a remedy for indigestion, torpid liver, bad blood and kindred ailments. Over forty years ago, he discovered that chemically pure glycerine is a far better solvent of most of the active principles residing in our native medicinal plants when used at a proper and sustained temperature than is alcohol; and, furthermore, he found that a glyceric extract kept much better than an alcoholic one, and that the glycerine possessed intrinsic remedial value, being demulcent, nutritive and an effective anti-ferment. Although costing somewhat more, Dr. Pierce predicts that glyceric medicinal extracts will, in the not distant future, largely replace alcoholic ones so generally prescribed by physicians and put out by proprietary or "patent medicine" manufacturers, as being more efficient and entirely free from the serious objection of making inebriates when used in lingering or chronic cases, where a somewhat protracted use of medicine is necessary no matter how good or well adapted to the case it may be in order to obtain permanent results.

Dr. Pierce's Pleasant Pellets. When the "Favorite Prescription" is not quite laxative enough, as in obstinate constipation, the little, pleasant, sugar-coated "Pellets" should be taken to aid the "Prescription." One or two for a laxative, two to four for a cathartic. They alone have been known to cure many bad cases of stomach trouble, dyspepsia and indigestion. They act on the liver and regulate the bowels. Put up in glass vials, corked, therefore, always fresh and reliable.

Don't Neglect Your Family

Don't Send Your Money to New York.

Insure in a good safe home company like the West Coast Life Insurance Co., of San Francisco.

DIRECTORS

Its directors are men of the highest business standing, and of acknowledged financial ability; men who have been and are prominent and successful in large commercial, financial and professional affairs.

CAPITAL

The company is possessed of ample capital and surplus—not one dollar of questionable assets; its stockholders represent many millions of personal wealth.

POLICY FORMS

The policy forms of the company are strictly up-to-date, and contain several important features not found in the Policy forms of any other Company. Among the new and desirable features contained there-in may be mentioned provisions covering total disability and temporary disability, resulting from accident or disease.

Specimens of Policy forms and premium rates will be furnished upon application.

PUBLICITY

The West Coast Life Insurance Company, believing that Policyholders should at all times have proper means of determining as to the conduct of the business and the financial standing of their Company, has printed in all Ordinary Policies the following provisions:

"This copy of application is printed for information of the Insured and Beneficiary, so that every part of the contract may be in their hands. It is remember, also that according to the By-Laws, a Policyholder may examine the Company's books of account and vouchers during all business hours. This is an offer accepted by no other Company as a [illegible] right, and its exercise is earnestly solicited in order that you may keep informed of the Company's financial strength."

No other Life Insurance Company offers this constant, or any like information, of its condition to Policyholders. It assures them of wise, careful, upright and economical administration. A Company not inspired with such motives would not offer publicity to its accounts and condition.

The West Coast Life Insurance Company challenges a comparison of the terms and conditions of their Participating Policies with those of any policy issued by any other Company in the [illegible] integrity of its policy [illegible] corporation not only also by the personal liability of Stockholders and Directors. No Mutual Company can or does issue a better policy or one which more successfully guards the interest of the policyholders.

Wise Talks by the Office Boy Repeated

Gee whizz people, I thought we were at the bottom prices, but the boss has knocked the bottom out and gone one better. The biggest Stock Reduction Sale ever seen in this valley commences January 11, and will continue until further notice—gee, but you ought to see the prices on overcoats, suits, hats, shoes and everything in this shop. A man who doesn't come in and size up our toggery is simply bumping himself. It pays to come early.
